Draft decision on the designation and responsibilities of focal points

Prepared by the Bureau with the support of the secretariat

Summary

National focal points play a critical role in the implementation of the Convention on the Protection and Use of Transboundary Watercourses and International Lakes (Water Convention), like they do for other multilateral environmental agreements, as they represent the main channel of communication between the secretariat, the concerned country and other countries on Convention-related matters.

While some countries have officially nominated one or more focal points under the Convention, the majority have not done so. Moreover, changes regarding focal points and their contact information are not systematically communicated to the secretariat. points, there is a lack of clarity on their role and responsibilities.

With the recent globalization of the Convention and the broadening of its work, efficient and reliable channels of communication with both Parties and non-Parties and clear responsibilities at the national level are more crucial than ever to support implementation of the Convention.

Therefore, at its twelfth meeting (Geneva, 5–6 July 2017), the Working Group on Integrated Water Resources Management requested the Bureau to prepare a draft decision on focal points, pursuant to the Working Group's mandate to take initiatives to strengthen the application of the Convention, including the preparation of draft decisions for consideration by the Meeting of the Parties to the Convention (see ECE/MP.WAT/15/Add.1, annex IV, para. 3).

The present draft decision aims at formalizing the process of nomination of focal points under the Convention and defining their key responsibilities.

The draft decision is submitted to the second joint session of the Working Group on Integrated Water Resources Management and the Working Group on Monitoring and Assessment. Those bodies are invited to review the draft decision, provide comments, and entrust the Bureau to finalize it for submission to the Meeting of the Parties for consideration and adoption at its eighth session (Astana, 10–12 October 2018).
